Retraction notice

Some Problems Connected with Diametrically
Contractive Maps and Fixed Point Theory
With Python Programming Language
Volume 5(2007) Number 2 : 291–298
by S. M. Khairnar and M. More

This article has been retracted at the request of the Editors-in-Chief.
Reason: The author has plagiarized part of a paper that had already appeared in the [M. Baronti, E. Casini, and P.L. Papini, Diametrically contractive maps and fixed point. Fixed Point Theory and Applications Volume 2006, Article ID 79075, Pages 18. DOI 10.1155/FPTA/2006/79075] One of the conditions of submission of a paper for publication is that authors declare explicitly that their work is original and has not appeared in a publication elsewhere. The scientific community takes a very strong view on this matter and we apologize to readers of the journal that this was not detected during the submission process.
